

## TOGETHER AGAINST THE SHORTAGE OF SKILLED WORKERS!

In cooperation with Fachkräfteallianz Dresden as well as domestic and foreign partners, we organize qualified immigration.

### PROFESSIONS:

- ❖ Mechatronics engineer
- ❖ Automotive mechatronics technician
- ❖ Cutting machine operator
- ❖ Warehouse logistics specialist
- ❖ technical product designer

### FROM OUR SUCCESS STORY:

- ❖ Many years of cooperation with vocational training partner institutions worldwide
- ❖ Qualification and technical support for teaching and training staff on site with partners
- ❖ Over 3,000 graduates of vocational training according to German standards for more than 15 years

### OUR OFFER:

- ❖ Highly motivated young specialists who have been trained according to German training standards
- ❖ Preparation of skilled workers for working and living in Germany (language skills at level B1 + development of intercultural skills)
- ❖ Support in applying for entry and residence permits as well as intensive support for the immigrant specialist for up to one year after entry
- ❖ Supporting the employer in the integration into the work process and further professional and linguistic qualification of the immigrant skilled worker

### YOUR INVESTMENT AS AN EMPLOYER:

- ❖ Creating a welcoming culture in the company
- ❖ Promotion of in-depth language qualifications
- ❖ Agreed contribution per specialist

### OUR PARTNER INSTITUTIONS IN SAXONY:

- ❖ Federal Employment Agency (Saxony Regional Directorate, Dresden Employment Agency and International Placement Services ZAV)
- ❖ Dresden Chamber of Crafts
- ❖ Leipzig Chamber of Industry and Commerce
